

/home/karolina/Pulpit  
/pamsi8/prj/plecak.h

```
graph TD; A["/home/karolina/Pulpit  
/pamsi8/prj/plecak.h"] --> B["vector"]; A --> C["algorithm"]
```

The diagram illustrates a file path at the top, which then branches into two arrows pointing to the terms 'vector' and 'algorithm' below it.

vector

algorithm
